

Cyril John De Leon

Purok 1,Brgy. Hugo Perez Trece Martires City Cavite

09774674879 | deleon.cyriljohn21@gmail.com

As a web developer my objective is to create user-friendly and efficient websites that are Visually appealing and easy to navigate.

WORK EXPERIENCE

KLT Fruits INC. | FCIE-SEZ Brgy.Lankaan City of Dasmariñas , Cavite

October 29,2020- - January 29, 2021 (seasonal worker)

Work under - pressure

Adabtability

Flexibility

EDUCATION

Uplift Code Camp | Web development

February 20 - August 11 2023

I acquired a range of skills including HTML,CSS,Javascript , React.Js , Node JS , and Mongo DB , enabling me to build dynamic and interactive web applications .The Training honed my ability to create user-friendly interfaces , handle data processing , and manage server-side functionalitires , ultimately equipping me to contribute effectively to fullstack Web Development projects.

Trece Martires City Senor High School | Brgy. San Agustin Trece Martires City Cavite

2019 - 2020

SKILLS

HTML

CSS

Javascript

React Js

Node Js + express

Mongo Db

These skills are my toolkit for crafting applications! HTML acts as the foundation, helping me structure content like arranging pieces of a puzzle. CSS lets me add my creative touch, painting the visual appeal of the app with colors and styles. With Node.js, I'm the backstage magician, making sure everything runs smoothly behind the scenes. React.js is my way of bringing life to the app, creating interactive elements that users can enjoy. And MongoDB is like my memory bank, storing and retrieving data for the app's functionality. All in all, these skills empower me to bring my app ideas to life!

PROJECTS

Portfolio Project - A simple yet captivating demonstration of my HTML and CSS Skills . This Project showcases my Journey into Web Development .

Code Source : <https://github.com/cyyy21/p1-web-dev-portfolio>
